

SLP-150 V/2 S

SPD - for low voltage / SPD type 2 / MOV

Surge arrester for single-phase system TN-S (120 V AC) or two-phases system TN-C (120/240 V AC)

pluggable module, visual fault signalling, remote fault signalling

- two-pole varistor surge arrester
- installation to LV installations, especially to sub-distribution boards in TN-S systems
- for protection of the installations and equipments against impact of induced overvoltages during a lightning strike or switching overvoltages
