

POWERED BY YOU  
1995 – 2025

**SALTEK®**

# Company profile

# WHO WE ARE WHAT WE DO

**From the Czech Republic,  
we protect the world from  
overvoltage.**

We protect your technology  
from overvoltage wherever it  
is needed.

## Development

Our own development ensures a continuous process of innovation, which we consider to be the basis for further development of the company. Thanks to it, we respond flexibly and quickly to the demands of the market and customers, and we have all our products completely under control.

## Laboratory

A modern and state-of-the-art laboratory directly at the headquarters ensures that all phases of development are tested, thus eliminating any potential problems in the bud.

## Production

All of our products are manufactured directly in our company on modern and often unique production lines. In addition, we are constantly optimizing all production processes to reduce costs.

## Sales

A network of wholesalers and partners sell our products all over the world. Our sales representatives are excellent experts who can help you with the selection and installation.

30 years on the market

# WIDE PORTFOLIO SOLUTIONS FOR EVERYONE

## A comprehensive range of surge protection

- family and apartment houses
- photovoltaics
- commercial buildings
- industrial facilities
- pipelines
- telecommunications
- LED lighting
- rail transport
- windmills
- data centers
- electromobility
- emergency systems
- energy storage
- security systems

## Low Voltage power systems up to 1 000 V

SPD type 1

FLP-B+C MAXI V/1

SPD type 2

SLP-275 V/3 S

SPD type 1 + 2

FLP-B+C MAXI VS/3

SPD type 3

DA-275 V/1S+1

SPD for LED

SP-T2+T3-320/Y-CLT-LED

## Photovoltaic (PV) systems

SPD type 1

FLP-PV550 V/U

SPD type 2

SLP-PV170 V/U S

SPD type 1 + 2

FLP-PV1500/Y S

# WE ARE ON-LINE

## Modern website

Our website is full of useful information about our range of products and services. Visitors will find details about our products, technical documentation, contact details, as well as inspirational articles and news from the industry. In addition, you will also find all our catalogs and manuals for download here. Visit us and discover how we can help you.

## We support

We are involved in supporting cultural and sporting events in our community. We believe that culture and sport have a key influence on the development of society and the strengthening of relationships between people. We sponsor various cultural festivals, concerts, sports tournaments and other events that enrich life in our area. Our philosophy is to support creativity, team spirit and an active lifestyle.

## Responsible company

We are a responsible company and are committed to minimizing our impact on the environment. We implement sustainable practices in all areas of our business – from the efficient use of energy and water, through recycling and proper waste management, to supporting environmental projects. We choose environmentally friendly materials and prefer renewable resources.

## Social media

We are active on social networks, where we regularly share news, tips and interesting facts from the world of our industry. On our profiles you will find inspiration, information about our products and services, as well as events, competitions and interesting stories from our daily activities. Follow us to be always up-to-date and get the opportunity to join our dynamic and friendly online world.
